

## UBAP1 抗原（重组蛋白）

中文名称： UBAP1 抗原（重组蛋白）

英文名称： UBAP1 Antigen (Recombinant Protein)

别名： ubiquitin associated protein 1; UAP; UBAP; NAG20; UBAP-1

储存： 冷冻（-20℃）

相关类别： 抗原

### 概述

Fusion protein corresponding to C terminal 200 amino acids of human UBAP1

### 技术规格

<b>Full name:</b>	ubiquitin associated protein 1
<b>Synonyms:</b>	UAP; UBAP; NAG20; UBAP-1
<b>Swissprot:</b>	Q9NZ09
<b>Gene Accession:</b>	BC098141
<b>Purity:</b>	>85%, as determined by Coomassie blue stained SDS-PAGE
<b>Expression system:</b>	Escherichia coli
<b>Tags:</b>	His tag C-Terminus, GST tag N-Terminus
<b>Background:</b>	This gene is a member of the UBA domain family, whose members include proteins having connections to ubiquitin and the ubiquitination pathway. The ubiquitin associated domain is thought to be a non-covalent ubiquitin binding domain consisting of a compact three helix bundle. This particular protein originates from a gene locus in a refined region on chromosome 9 undergoing loss of heterozygosity in nasopharyngeal carcinoma (NPC). Taking into account its cytogenetic location, this UBA domain family member is being studied as a putative tar

get for mutation in nasopharyngeal carcinomas. Multiple alternatively spliced transcript variants encoding different isoforms have been found for this gene.
