

小鼠抗 CATIP 单克隆抗体

中文名称: 小鼠抗 CATIP 单克隆抗体

英文名称: Anti-CATIP mouse monoclonal antibody

别名: C2orf62

储存: 冷冻 (-20℃) 避光

抗原: CATIP

宿主: Mouse

反应种属: Human

标记物: Unconjugate

相关类别: 一抗

克隆类型: mouse monoclonal

技术规格

Background:	Plays a role in primary ciliogenesis by modulating actin polymerization.
Applications:	WB, IHC, IF
Name of antibody:	CATIP
Immunogen:	Fusion protein of human CATIP
Full name:	ciliogenesis associated TTC17 interacting protein (CATIP)
Synonyms:	C2orf62
SwissProt:	Q7Z7H3
IHC positive control:	human breast tissue and human prostate tissue; human bladder tissue and human kidney tissue
IHC Recommend dilution:	30-150
WB Predicted band size:	44 kDa
WB Positive control:	HepG2, HeLa, SVT2, COS7, Jurkat, MDCK, PC12, MCF-7 cell

	I lysates
WB Recommended dilution:	500-2000
