

兔抗 URB1 多克隆抗体

中文名称: 兔抗 URB1 多克隆抗体

英文名称: Anti-URB1 rabbit polyclonal antibody

级别: NPA1; C21orf108

储存: 冷冻 (-20℃)

抗原: URB1

宿主: Rabbit

相关类别: 一抗

反应种属: Human

标记物: Unconjugate

克隆类型: rabbit polyclonal

技术规格

Background:	URB1, also named as C21orf108, KIAA0539 and NPA1, is a 2,271 amino acid protein that is homologous to the <i>S. cerevisiae</i> protein URB1 which is a nucleolar protein involved in the normal accumulation of 25S and 5.8S rRNAs and may also play a role in the biosynthesis of the 60S ribosomal unit. Also localized to the nucleolus, human URB1 is thought to have the same functions as <i>S. cerevisiae</i> URB1. The antibody is specific to URB1.
Applications:	ELISA, IHC
Name of antibody:	URB1
Immunogen:	Synthetic peptide of human URB1
Full name:	URB1 ribosome biogenesis homolog
Synonyms:	NPA1; C21orf108
SwissProt:	O60287
ELISA Recommended dilution:	1000-2000

IHC positive control:	Human tonsil and Human ovarian cancer
IHC Recommend dilution:	20-100
