

## 兔抗 VCX 多克隆抗体

中文名称：兔抗 VCX 多克隆抗体

英文名称：Anti-VCX rabbit polyclonal antibody

级别：VCX1; VCXB1; VCX-B1; VCX10R; VCX-10r

抗原：VCX

储存：冷冻（-20℃）

相关类别：一抗

宿主：Rabbit

反应种属：Human

标记物：Unconjugate

克隆类型：rabbit polyclonal

### 技术规格

**Background:**

This gene belongs to the VCX/Y gene family, which has multiple members on both X and Y chromosomes, and all are expressed exclusively in male germ cells. The X-linked members are clustered on chromosome Xp22 and Y-linked members are two identical copies of the gene within a palindromic region on Yq11. The family members share a high degree of sequence identity, with the exception that a 30-bp unit is tandemly repeated in X-linked members but occurs only once in Y-linked members. The VCX gene cluster is polymorphic in terms of copy number; different individuals may have a different number of VCX g

	enes. VCX/Y genes encode small and highly charged proteins of unknown function. The presence of a putative bipartite nuclear localization signal suggests that VCX/Y members are nuclear proteins. This gene contains 10 repeats of the 30-bp unit.
<b>Applications:</b>	ELISA, IHC
<b>Name of antibody:</b>	VCX
<b>Immunogen:</b>	Synthetic peptide of human VCX
<b>Full name:</b>	variable charge, X-linked
<b>Synonyms:</b>	VCX1; VCXB1; VCX-B1; VCX10R; VCX-10r
<b>SwissProt:</b>	Q9H320
<b>ELISA Recommended dilution:</b>	5000-10000
<b>IHC positive control:</b>	Human lung cancer
<b>IHC Recommend dilution:</b>	20-100
