

## 兔抗 DES 多克隆抗体

中文名称: 兔抗 DES 多克隆抗体

英文名称: Anti-DES rabbit polyclonal antibody

别名: CSM1; CSM2; LGMD2R

相关类别: 一抗

储存: 冷冻 (-20℃)

宿主: Rabbit

抗原: DES

反应种属: Human, Mouse, Rat

标记物: Unconjugate

克隆类型: Unconjugate

### 技术规格

|                          |  |
|--------------------------|--|
| <b>Background:</b>       | This gene encodes a muscle-specific class III intermediate filament. Homopolymers of this protein form a stable intracytoplasmic filamentous network connecting myofibrils to each other and to the plasma membrane. Mutations in this gene are associated with desmin-related myopathy, a familial cardiac and skeletal myopathy (CSM), and with distal myopathies. |
| <b>Applications:</b>     | ELISA, WB, IHC   |
| <b>Name of antibody:</b> | DES  |
| <b>Immunogen:</b>        | Synthetic peptide of human DES   |
| <b>Full name:</b>        | desmin   |
| <b>Synonyms :</b>        | CSM1; CSM2; LGMD2R   |
| <b>SwissProt:</b>        | P17661   |

|                             |                      |
|-----------------------------|----------------------|
| ELISA Recommended dilution: | 5000-10000           |
| IHC positive control:       | Human breast cancer  |
| IHC Recommend dilution:     | 25-100               |
| WB Predicted band size:     | 54 kDa               |
| WB Positive control:        | Jurkat and Hela cell |
| WB Recommended dilution:    | 200-1000             |
