

SCCPDH 抗原（重组蛋白）

中文名称：SCCPDH 抗原（重组蛋白）

英文名称：SCCPDH Antigen (Recombinant Protein)

别名：NET11; CGI-49

储存：冷冻（-20℃）

相关类别：抗原

概述：

Fusion protein corresponding to a region derived from 230-429 amino acids of human SCCPDH

技术规格：

| | |
|---------------------------|--|
| Full name: | saccharopine dehydrogenase (putative) |
| Synonyms: | NET11; CGI-49 |
| Swissprot: | Q8NBX0 |
| Gene Accession: | BC026185 |
| Purity: | >85%, as determined by Coomassie blue stained SDS-PAGE |
| Expression system: | Escherichia coli |
| Tags: | His tag C-Terminus, GST tag N-Terminus |
| Background: | SCCPDH belongs to the saccharopine dehydrogenase family. The exact function of SCCPDH remains unknown. |
