

兔抗 MRGPRD 多克隆抗体

中文名称: 兔抗 MRGPRD 多克隆抗体

英文名称: Anti-MRGPRD rabbit polyclonal antibody

别名: MAS related GPR family member D; MRGD; TGR7

抗原: MRGPRD

储存: 冷冻 (-20℃)

宿主: Rabbit

相关类别: 一抗

反应种属: Human

标记物: Unconjugate

克隆类型: rabbit polyclonal

技术规格

Background:	May regulate nociceptor function and/or development, including the sensation or modulation of pain. Functions as a specific membrane receptor for beta-alanine. Beta-alanine at micromolar doses specifically evoked Ca ²⁺ influx in cells expressing the receptor. Beta-alanine decreases forskolin-stimulated cAMP production in cells expressing the receptor, suggesting that the receptor couples with G-protein G(q) and G(i).
Applications:	ELISA, IHC
Name of antibody:	MRGPRD
Immunogen:	Synthetic peptide of human MRGPRD
Full name:	MAS related GPR family member D
Synonyms:	MRGD; TGR7
SwissProt:	Q8TDS7

ELISA Recommended dilution:	5000-10000
IHC positive control:	Human prostate cancer
IHC Recommend dilution:	25-100
