

## 兔抗 ACOT4 多克隆抗体

中文名称：兔抗 ACOT4 多克隆抗体

英文名称： Anti-ACOT4 rabbit polyclonal antibody

别名： PTE1B; PTE2B; PTE-Ib

抗原： ACOT4

储存： 冷冻（-20℃） 避光

宿主： Rabbit

反应种属： Human

相关类别： 一抗

标记物： Unconjugate

克隆类型： Unconjugate

技术规格

|                          |                                                                                                                                                                                                                                                                                                                                                                        |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Background:</b>       | Acyl-CoA thioesterases are a group of enzymes that catalyze the hydrolysis of acyl-CoAs to the free fatty acid and coenzyme A (CoASH), providing the potential to regulate intracellular levels of acyl-CoAs, free fatty acids and CoASH. By similarity, Succinyl-CoA thioesterase that also hydrolyzes long chain saturated and unsaturated monocarboxylic acyl-CoAs. |
| <b>Applications:</b>     | WB, IF                                                                                                                                                                                                                                                                                                                                                                 |
| <b>Name of antibody:</b> | ACOT4                                                                                                                                                                                                                                                                                                                                                                  |
| <b>Immunogen:</b>        | Synthesized peptide derived from internal of human ACOT4.                                                                                                                                                                                                                                                                                                              |
| <b>Full name:</b>        | acyl-CoA thioesterase 4                                                                                                                                                                                                                                                                                                                                                |
| <b>Synonyms :</b>        | PTE1B; PTE2B; PTE-Ib                                                                                                                                                                                                                                                                                                                                                   |
| <b>SwissProt:</b>        | Q8N9L9                                                                                                                                                                                                                                                                                                                                                                 |

|                                 |                                   |
|---------------------------------|-----------------------------------|
| <b>WB Predicted band size:</b>  | 46 kDa                            |
| <b>WB Positive control:</b>     | Hela cells and COLO cells lysates |
| <b>WB Recommended dilution:</b> | 500-3000                          |
| <b>IF positive control:</b>     | MCF-7 cells                       |
| <b>IF Recommend dilution:</b>   | 100-500                           |
