

兔抗 DGKI 多克隆抗体

- 中文名称: 兔抗 DGKI 多克隆抗体
- 英文名称: Anti-DGKI rabbit polyclonal antibody
- 别名: diacylglycerol kinase iota; DGK-IOTA
- 相关类别: 一抗
- 储存: 冷冻 (-20℃)
- 宿主: Rabbit
- 抗原: DGKI
- 反应种属: Human
- 标记物: Unconjugate
- 克隆类型: rabbit polyclonal

技术规格

Background:	This gene is a member of the type IV diacylglycerol kinase subfamily. Diacylglycerol kinases regulate the intracellular concentration of diacylglycerol through its phosphorylation, producing phosphatidic acid. The specific role of the enzyme encoded by this gene is undetermined, however, it may play a crucial role in the production of phosphatidic acid in the retina or in recessive forms of retinal degeneration.
Applications:	ELISA, IHC
Name of antibody:	DGKI
Immunogen:	Synthetic peptide of human DGKI
Full name:	diacylglycerol kinase iota
Synonyms:	DGK-IOTA

SwissProt:	O75912
ELISA Recommended dilution:	5000-10000
IHC positive control:	Human esophagus cancer and human lung cancer
IHC Recommend dilution:	25-100
